

Year 5 Pantomime Beauty and the Beast

"I loved taking part in the pantomime and I couldn't believe how much I achieved!" - Connie

Throughout Spring 1, we worked hard to put on a pantomime performance based on an adaptation of Beauty and the Beast for our parents and the rest of the school to watch. We were joined for several weeks by Mark from Highly Sprung who helped us develop our acting, dance and performance skills. We learnt how to manage stage space and project our voices to fill a large area.

We learnt a range of songs to show off our singing abilities and created our own dance moves to accompany the songs. Some of us had lots of lines to learn and performed a leading role throughout the pantomime. We really enjoyed working as a team and seeing how we all developed our confidence and production together.

For some of us, this was our first time performing to a large group of people and even performed several times for dress rehearsals. We then had an opportunity to visit Chase Terrace Technology College to rehearse ready for our final performance.

We had a very big turnout and we were all very proud of our achievements!

"It's totally different to our normal lessons!" - Skye

"My confidence has grown so much and I really enjoyed working with Mark!" - Jamie
