June 2020

Dear Parents,

I would like to welcome you and your child to Ridgeway Primary School. Whether this is your first association with us, or whether you are a returning family, we hope to make the next year a pleasurable and memorable experience for you and your child.

The current COVID-19 pandemic means that our usual induction processes cannot take place. We understand that you and your child may be a little wary of the changes which they about to face and at the moment we do not know what September will look like. Usually during this term we would provide opportunities for you and your child to spend time in the Reception classrooms as part of our transition programme. This will not be able to happen this year. Over the coming weeks and months, we will work together to ensure that we alleviate any fears. We understand that for some children the induction into school in September may take longer than usual and that some children may need a longer induction process than others.

Starting school is a very busy time. Your child will be involved in many activities that they will find fun and exciting. They will be doing and experiencing things that they may not have experienced before. Over the coming year there will be many opportunities for you to come into school to see what your child is learning and how you may support this learning at home.

We hope that you find your time as parents of Ridgeway Primary School an enjoyable and rewarding experience and that we can work together to help your child develop as confident successful learners.

Kind Regards

Jo Jelves  
Headteacher
