

Ridgeway Primary School

100 Book Challenge

Dear Parents/Carers,

The 100 Book Challenge is now up and running! Our classrooms are now filled with the exciting new books, and already children are excited to play our bingo reading challenge.

Our choice of books was based on the guidance of the top recommended books for each age group, but as we have been unable to read every one of the hundreds of books, can we ask you to let us know if you consider any book that your child brings home upsetting or sensitive in any way to ensure every book is enjoyed by the children.

If you do have one of the books at home that is on your child's bingo card, we are more than happy for your child to share the book at home, but we will ask them to complete a book review when they come into school before they mark it off on their bingo card.

Happy Reading!

Thank you for your continued support,

Lydia Gallagher

Core Development Team Leader
