

Life-Long LeA^rners

Learning at Ridgeway is promoted in a fun and exciting way. The four R's of our Growth Mindset philosophy of being resilient, resourceful, reciprocal and reflective at school and beyond cannot be underestimated and our curriculum reflects this.

They need to develop the ability to solve problems without giving up. Developing the skills to work independently and become resourceful will be key to this.

Resourcefulness- being able to use a range of learning strategies and knowing what to do when you get stuck

Our children need to become resilient to be able to deal with different challenges across the curriculum and in the wider world.

Reciprocity- being able to learn with and from others, as well as on your own.

Pupils reflect on their learning to ensure a real depth of knowledge is gained.

Positive relationships and reciprocal working are promoted to enable all pupils to feel safe and cared for in an ethos of teamwork and respect.

Reflectiveness- being able to think about yourself as a learner and how you might be able to do this better
