Instructions

Geography

To identify, describe and compare features of our school locality, using photographs and maps. What are my thoughts and views about the local area?

To identify geographical features and landmarks in the local environment and in London.

To name and locate the four countries and capital cities of the United Kingdom and the surrounding seas.

To use simple compass directions (North, South, East, and West) to describe the location of features or places on a map.

DT

To design, create and evaluate a vehicle to transport Paddington from place to place on his visit around London, following the plan, make and review process.

To explore and discuss how my product will work and how it will be suitable for Paddington and his journeys.

To use different components to create my model.

PSHE

Me and My School

Music

Charanga- Hands, Feet, Heart

PE

Invasion Game (ball skills)

ART

To investigate and discuss the London skyline and architecture of buildings.

To then create simple drawings based on things observed.

To draw lines of different sizes and thickness

Science

To explore the properties of different materials that are chosen for specific purposes.

To sort and group materials based upon their properties and to test ideas about whether a material is suitable for a particular purpose. Which materials are waterproof?

To observe closely, using simple equipment and perform simple tests.
